

TIPS Project

A parent training on using the Teaching Interactions Procedure through digital tools to teach Social Skills to their children with autism

Project Code: 2021-1-0K01-KA22G-ADU-GGGG33492

Project Newsletter 07/07/2023

TIPS project training meeting

On this occasion, the meeting of the TIPS project was held at the facilities of Autismo Burgos (Spain). In which, during three days from July 4th to 6th, training actions have been developed to train the trainers who will later train parents of children with ASD in the use of our two digital tools. The meeting has been a great success due to the good work done by the partners.

The TIPS project receives a very special visit from Daniela.

During the meeting, Daniela, a 25 year old woman with ASD, visited us and explained her experience in the Burgos Autism Association. It was a very enriching experience for all of us, thank you very much Daniela for sharing your experience with us!

Visiting the Autismo Burgos facilities "El Olivo" and "El Alba".

During this fourth meeting, we visited some of the facilities of the Autismo Burgos association, such as the "El Olivo" housing and the "El Alba" special education school. We were able to see how this association works with people with ASD.

TIPS project in the Spanish press

The Spanish press interviewed our colleagues María Juez Nogales and Marta González Riocerezo in which they explained everything about the European TIPS project. The link of the whole interview is: <https://www.elcorreodeburgos.com/burgos/230703/186142/autismo-burgos-proyecto-europeo-desarrolla-herramientas-digitales-ninos-tea.html>

The next training meeting of the TIPS project

In September the second part of the training meeting of the project will be held in Skopje (Macedonia). In which parents will be trained in the use of our digital tools: a game and an interactive comic to work on the social and communication skills of their children.
